Product Description

Product Description:

The PCAP technology used in this capacitive multi touch screen provides a smooth and responsive touch experience, making it easy to navigate through menus and settings. The brightness of 300 Cd/m² ensures clear and vivid visuals, and the 178° viewing angle ensures that you can enjoy your games from any angle without any distortion or color shift.

With HDMI, DisplayPort, and USB connectivity options, this gaming screen can easily connect to your gaming console or PC. The custom capacitive touch screen feature adds a new dimension to gaming, allowing you to interact with your game in a more natural and intuitive way.

The curved design of this gaming screen also adds to the immersive experience by wrapping around your field of view, creating a more realistic and engaging environment. The capacitive multi touch screen technology allows for precise and accurate touch input, making it perfect for games that require quick reflexes and precision.

In conclusion, the Gaming PCAP Curved Touch Screen is the ultimate gaming screen for serious gamers who demand the best. With its custom capacitive touch screen display, curved design, and advanced features such as a 144Hz refresh rate, HDMI, DisplayPort, and USB connectivity, this gaming screen is sure to take your gaming experience to the next level.

Screen Type:	Curved
Size:	49 Inches
Resolution:	1920 X 1080

Applications:

With a size of 43 inches and an aspect ratio of 16:9, the Anwell Gaming PCAP Curved Touch Screen is perfect for immersive gaming experiences. The curved design of the screen ensures that you are fully immersed in the action, while the high resolution of 1920 X 1080 provides sharp and clear visuals. The viewing angle of 178° ensures that you can see everything on the screen, no matter where you are sitting.

The Anwell Gaming PCAP Curved Touch Screen is also equipped with a refresh rate of 144Hz, which ensures that the screen is always smooth and free of any lag. This makes it perfect for fast-paced games, where split-second decisions can mean the difference between winning and losing.

Thanks to its capacitive multi touch screen technology, the Anwell Gaming PCAP Curved Touch Screen is also perfect for a wide range of other applications. Whether you are using it for presentations, interactive displays, or any other application that requires a responsive and accurate touch interface, the Anwell Gaming PCAP Curved Touch Screen is sure to exceed your expectations.

So whether you are a serious gamer, a business professional, or anyone in between, the Anwell Gaming PCAP Curved Touch Screen is the perfect choice for all of your touch screen needs. So why wait? Order yours today and experience the ultimate in touch screen technology!
