## Applications:

Designed and developed in China, the Anwell Gaming PCAP Curved Touch Screen is a product of meticulous engineering and testing. The manufacturers have made sure that it meets the highest standards of quality and performance.

The Anwell Gaming PCAP Curved Touch Screen has a brightness of 300 Cd/m<sup>2</sup>, which means that you can play your favorite games even in brightly lit environments. It has a wide viewing angle of 178°, which ensures that you can see the screen clearly from any angle. The resolution of 1920 x 1080 delivers crisp and clear visuals, that will make you feel like you're inside the game.

The custom capacitive touch screen of the Anwell Gaming PCAP Curved Touch Screen offers a refresh rate of 144Hz, which means that the screen refreshes 144 times per second. This results in a smoother and more responsive gaming experience, that will allow you to react quickly to any situation.

The Anwell Gaming PCAP Curved Touch Screen is perfect for all gaming occasions and scenarios. Whether you're a casual gamer or a professional, this touch screen display will take your gaming to the next level. It's especially suitable for multiplayer games, where you need to be able to react quickly to your opponents' moves.

The curved design of the Anwell Gaming PCAP Curved Touch Screen adds a new dimension to your gaming experience. It immerses you in the game and makes you feel like you're part of the action. The touch screen technology allows you to interact with the game in ways that were never possible before.

In conclusion, the Anwell Gaming PCAP Curved Touch Screen is a game touch screen that is custom-designed for gaming. Its custom capacitive touch screen technology offers a refresh rate of 144Hz, which delivers smooth and responsive gameplay. The wide viewing angle, high resolution, and brightness make it perfect for all gaming occasions and scenarios. If you want to take your gaming to the next level, the Anwell Gaming PCAP Curved Touch Screen is the perfect choice.
