Product Description

Product Description:

The Gaming J shape touch screen is specially designed for the hardcore gamer who demands nothing but the best. With a contrast ratio of 1000:1, this gaming monitor provides crisp and clear images with deep blacks and bright whites, making your gaming experience more immersive and enjoyable.

But that's not all - this gaming PCAP curved touch screen also boasts a lightning-fast response time of just 1ms, which means that you get a lag-free and smooth gaming experience without any blurring or ghosting. This makes it the perfect choice for gamers who play fast-paced games that require quick reflexes and precision.

The Gaming J shape touch screen is also equipped with a curved screen that provides a more natural and immersive viewing experience. The curvature of the screen helps to reduce eye strain and makes it easier to focus on the action in front of you, giving you an edge over your opponents.

Whether you're a casual gamer or a professional, the Gaming J shape touch screen is the perfect choice for you. With its advanced features and stunning design, this gaming PCAP curved touch screen is sure to take your gaming experience to the next level.

Additional features:

3M/ELO Protocol For Gaming

10 points Multi_Touch

J Curved PCAP Touch

Applications:

One of the standout features of this product is its curved screen. The curved design creates a more immersive gaming experience, allowing you to feel like you are part of the game. The 43-inch size of the screen is perfect for gaming, providing a large enough display to see all the action clearly. Additionally, the 16:9 aspect ratio ensures that you can see all the details of the game without any distortion. The Anwell Gaming PCAP Curved Touch Screen also boasts a contrast ratio of 1000:1, which means that colors are more vibrant and images are more lifelike. This is especially important for gamers who want to see every detail of the game. The refresh rate of 144Hz ensures that there is no lag or delay, allowing gamers to play at their full potential.

Another key feature of this product is the 10 points multi-touch capability. This allows gamers to interact with the game in a more natural way, using their fingers to control the action on the screen. The 3M/ELO protocol for gaming ensures that the touch response is fast and accurate, providing gamers with a seamless gaming experience.

The Anwell Gaming PCAP Curved Touch Screen is perfect for a variety of gaming occasions and scenarios. Whether you are a casual gamer or a professional esports player, this product is designed to meet your needs. The curved screen and high refresh rate make it ideal for fast-paced games such as first-person shooters, while the large size and vibrant colors make it perfect for immersive RPGs and strategy games.

Overall, the Anwell Gaming PCAP Curved Touch Screen is an excellent choice for anyone looking to take their gaming experience to the next level. With its advanced features and high-quality design, this product is sure to provide hours of entertainment and enjoyment for gamers of all levels.
