Product Description

Product Description:

Designed with a durable, scratch-resistant surface, this firelink monitor is built to withstand heavy use and frequent touching. Its fast 5ms response time ensures that every touch and gesture is captured accurately and without lag, allowing for smooth and seamless gameplay. The Side+Edge LED Bezel design adds a sleek and modern touch to any gaming setup, while also providing enhanced visibility and contrast. The LED backlighting helps to reduce eye strain and fatigue, making it ideal for extended gaming sessions. With an operating temperature range of 0°C to 50°C, this touch screen monitor is suitable for use in a variety of environments. Whether you're gaming in a cold basement or a warm living room, you can count on this monitor to perform reliably and consistently. Overall, the Gaming PCAP Touch Screen Side+Edge LED Bezel is a top-of-the-line choice for gamers and entertainment enthusiasts alike. Its advanced touch screen technology, durable design, and enhanced visibility make for an exceptional gaming experience.
