## Product Description

### Product Description:

Our Gaming PCAP Touch Screen is not just about functionality, it also has a sleek and modern design. The Side+Edge LED Bezel provides a beautiful frame for the capacitive touch screen display. It is also mountable with VESA Mounting or Panel Mounting options, allowing you to choose the perfect position for your gaming setup.

One of the best features of our Gaming PCAP Touch Screen is the adjustable brightness. This means that you can adjust the brightness level to your preference depending on the lighting conditions in your room. Whether it's daytime or nighttime, you can always get the right level of brightness for your gaming needs.

Our Gaming PCAP Touch Screen is certified with CE, FCC, and RoHS, ensuring that it meets the highest standards of quality and safety. This means that you can enjoy gaming without worrying about any safety issues.

If you're looking for a gaming monitor that offers the best features and design, our Gaming PCAP Touch Screen is the perfect choice. It is not just a beautiful piece of technology, it is also a reliable and high-quality gaming monitor that will give you the best gaming experiences.

Don't settle for less when it comes to gaming LED monitors. Choose our Gaming PCAP Touch Screen with Side+Edge LED Bezel and experience gaming like never before. Order now and take your gaming to the next level!

This Industrial Touch Screen PC with Gaming LED Monitors is perfect for a range of applications where durability and performance are important.

### Applications:

The Gaming PCAP Touch Screen Side+Edge LED Bezel is a 23.8" monitor that is perfect for gaming enthusiasts. It has a unique design with side+edge LED bezels that enhance the overall viewing experience. The brightness of the monitor is adjustable, allowing users to adjust the brightness according to their preferences.

The touch technology used in this product is projected capacitive, which provides a smooth and responsive touch experience. This makes it ideal for gamers who require quick and accurate responses during gameplay. The firelink monitor technology makes it easier for gamers to play their favorite games with ease.

This product is certified by CE, FCC, and RoHS, ensuring that it meets all the required safety standards. The minimum order quantity for this product is 2, making it perfect for individuals as well as small businesses.

The Gaming PCAP Touch Screen Side+Edge LED Bezel is ideal for various gaming applications. It can be used for PC gaming, where users can enjoy the latest games with superior graphics. It can also be used for gaming consoles such as PlayStation and Xbox, providing a seamless gaming experience.

The Gaming PCAP Touch Screen Side+Edge LED Bezel is perfect for gaming enthusiasts who are looking for a high-quality gaming monitor. It provides an immersive gaming experience with its advanced features and unique design. The product is manufactured by Anwell, a trusted brand in the industry, ensuring that customers receive a quality product. In conclusion, the Gaming PCAP Touch Screen Side+Edge LED Bezel is an excellent choice for anyone looking for a gaming LED monitor. Its features, such as adjustable brightness, firelink monitor technology, and projected capacitive touch technology, make it ideal for gaming. Its unique design with side+edge LED bezels enhances the overall viewing experience. With its certifications and minimum order quantity of 2, it is a safe and affordable choice for individuals and small businesses alike.
