Applications:

Anwell Touch's Curved Gaming Screen model AW320CB-G902 is a versatile product that can be applied in various occasions and scenarios, making it a perfect choice for gamers and professionals alike.

Designed as a Curved LED Display Screen, this product offers an immersive gaming experience with its wide field of view and enhanced depth perception. Gamers can enjoy a more engaging gameplay environment with vivid colors and sharp details.

Moreover, the Curved Gaming Screen can also be used as a Curved Screen All In One Computer, providing a seamless integration of display and computing functions. This makes it ideal for professionals working in design, multimedia, and other fields that require a high level of visual clarity and performance.

The AW320CB-G902 model is compatible with 3M/ELO Microtouch Protocol, ensuring smooth and accurate touch interactions for users. Its high resolution of 1920 x 1080 delivers crisp images and text, making it suitable for tasks that demand precision and clarity.

With certifications such as CE, Rohs, and FCC, this Curved Gaming Screen meets international standards for quality and safety. Its unlimited touch life contacts and brightness of 350cd/m2 guarantee long-lasting performance and clear visibility in various lighting conditions.

Manufactured in China, the Anwell Touch Curved Gaming Screen has a minimum order quantity of 2 pieces and offers a negotiable price for bulk purchases. Payment terms include TT, and the supply ability is 1000 pieces per month, with a delivery time of 8-15 working days. For packaging, the product is carefully protected in a standard carton box, ensuring safe transportation and storage. Its power supply input of AC110 ~ 240V/50 ~ 60Hz makes it compatible with most electrical systems, adding to its versatility and convenience.

Support and Services:

Our Product Technical Support and Services for the Curved Gaming Screen include:

- Assistance with setup and installation of the curved gaming screen
- Troubleshooting any technical issues or problems that may arise
- Providing guidance on optimizing the display settings for the best gaming experience
- Offering firmware updates and software upgrades to enhance performance

Packing and Shipping:

Product Packaging and Shipping for Curved Gaming Screen:

The Curved Gaming Screen is carefully packaged to ensure safe delivery. It comes in a sturdy cardboard box with ample protection inside to prevent any damage during transit. The screen is securely placed in the center of the box and surrounded by foam padding to absorb any shocks or impacts.

For shipping, we use trusted carriers to deliver the product to your doorstep. You will receive a tracking number once the item is shipped so you can monitor its progress. We aim to deliver the Curved Gaming Screen to you in the quickest and safest way possible.
