

1280 X 1024 Resolution Industrial Touch Screen Panel PC for Industrial Automation Solutions

Our Product Introduction

for more products please visit us on anwelltouch.com

Basic Information

- Place of Origin: China
- Brand Name: Anwell Touch
- Certification: CE,RoHS,FCC
- Model Number: AW190CS-I001
- Minimum Order Quantity: 2 Pieces
- Price: Negotiable
- Packaging Details: Standard carton box
- Delivery Time: 15 working days
- Payment Terms: TT
- Supply Ability: 5000 pieces per Month

Product Specification

- Plug Types: AU,EU,US,UK
- Contrast Ratio: 1000:1
- Touch Technology: 10 Points Multi-Touch Capacitive Touch Screen
- Application: Game Machine, Interactive Kiosk, Interactive Digital Signage, Industrial Enclosure, Cabinet, In-wall Devices
- Aspect Ratio: 4:3
- Resolution: 1280 X 1024
- Product Category: Industrial Touch Monitor
- Colors: 16.7M
- Highlight: **1280x1024 industrial touch screen PC, industrial automation touch panel PC, high-resolution industrial touch monitor**

Product Description

Product Description:

The Industrial Touch Monitor is a versatile and reliable solution designed for various industrial applications. With a range of signal inputs including VGA, DVI, and HD-MI, this Industrial Touch Screen Panel offers flexibility and compatibility with different devices and systems. As an Infrared Touch Screen Monitor, this product provides precise and responsive touch functionality, making it ideal for demanding environments where accuracy is crucial. The capacitive touch technology ensures a smooth and seamless touch experience, enhancing user interaction and productivity.

With a rapid response time of 5ms, the Industrial Touch Screen Display delivers quick and efficient touch responses, minimizing delays and improving overall performance. Whether used for interactive kiosks, control panels, or industrial automation systems, this touch monitor excels in delivering a seamless and intuitive user experience.

Backed by a 1-year warranty, you can trust in the durability and quality of this Industrial Touch Monitor. The warranty provides peace of mind and assurance that your investment is protected, giving you confidence in the long-term performance of this reliable touch screen solution.

Designed specifically for industrial settings, this Industrial Touch Monitor is built to withstand challenging conditions and rigorous use. Its robust construction and high-quality components ensure longevity and reliability, making it a dependable choice for industrial applications that demand durability and performance.

Enhance your industrial operations with the Industrial Touch Monitor, a cutting-edge solution that combines advanced touch technology with rugged durability. Whether used for monitoring systems, controlling machinery, or interactive displays, this touch screen panel offers a seamless and efficient user interface that maximizes productivity and efficiency.

Features:

Product Name: Industrial Touch Monitor

Viewing Angle: 85/85/80/80 (Typ.)(CR≥10)

Plug Types: AU, EU, US, UK

Application: Game machine, Interactive kiosk, Interactive digital signage, Industrial enclosure, Cabinet, In-wall devices

Support: Embedded rack mounted / VESA wall mounted

Product Category: Industrial Touch Monitor

Technical Parameters:

Product Category	Industrial Touch Monitor
Touch Signal Input	RS232 / USB
Support	Embedded rack mounted / VESA wall mounted
Brightness	300cd/m2
Product Name	Embedded Industrial Touch Monitor PCAP 19 Inch Buckle With HD-MI VGA USB Interface LCD Display 1280*1024
Response Time	5ms
Warranty	1 Year
Resolution	1280 X 1024
Application	Game machine, Interactive kiosk, Interactive digital signage, Industrial enclosure, Cabinet, In-wall devices
Viewing Angle	85/85/80/80 (Typ.)(CR≥10)

Applications:

The Industrial Touch Monitor is suitable for a wide range of application occasions and scenarios. It is ideal for use in industrial automation, control systems, production lines, and monitoring processes. The high contrast ratio of 1000:1 ensures clear and detailed images, making it perfect for viewing critical data in industrial environments.

With a wide viewing angle of 85/85/80/80 (Typ.)(CR≥10), the Industrial Touch Monitor provides optimal visibility from different perspectives, making it suitable for use in collaborative work environments. The aspect ratio of 4:3 offers a balanced display for various industrial applications.

Equipped with interfaces such as VGA, Serial, and USB, the Industrial Touch Monitor offers flexibility and compatibility with different industrial systems and devices. Whether used as an Industrial Touch Screen Panel, Industrial Touch Panel PC, or Industrial Touch Panel PC, this product delivers seamless integration and user-friendly operation.

Customers can benefit from the convenient payment terms of TT, and the negotiable pricing allows for cost-effective procurement. With a minimum order quantity of 2 pieces and a supply ability of 5000 pieces per month, businesses can easily meet their industrial display needs.

Delivery time of 15 working days and standard packaging details in a carton box ensure timely and secure shipments of the Industrial

Touch Monitor. Overall, the Anwell Touch Industrial Touch Monitor AW190CS-I001 is a reliable, high-performance solution for industrial applications, offering durability, functionality, and ease of use.

Support and Services:

Our Industrial Touch Monitor product comes with comprehensive product technical support and services to ensure optimal performance and customer satisfaction. Our technical support team is dedicated to assisting with any product-related inquiries, troubleshooting issues, and providing guidance on product usage. Additionally, we offer various services such as product installation support, maintenance assistance, and customization options to tailor the Industrial Touch Monitor to specific requirements. Our goal is to deliver a seamless user experience and to address any technical concerns promptly and effectively.

Packing and Shipping:

Product Packaging:
The Industrial Touch Monitor is carefully packaged to ensure its safe arrival at your location. It is securely wrapped in protective materials to prevent any damage during transit. The package includes the monitor, power cables, and user manual.

Shipping:
Our shipping process is efficient and reliable. Once your order is confirmed, the Industrial Touch Monitor will be promptly dispatched from our warehouse. We work with trusted shipping partners to deliver your monitor in a timely manner. You will receive a tracking number to monitor the shipment progress.

FAQ:

A: The brand name of the Industrial Touch Monitor is Anwell Touch.
... ..

Q: What is the model number of the Industrial Touch Monitor?
A: The model number of the Industrial Touch Monitor is AW190CS-I001.
... ..

Q: What certifications does the Industrial Touch Monitor have?
A: The Industrial Touch Monitor is certified with CE, RoHS, and FCC.
... ..

Q: Where is the Industrial Touch Monitor manufactured?
A: The Industrial Touch Monitor is manufactured in China.
... ..

Q: What are the payment terms for purchasing the Industrial Touch Monitor?
A: The payment terms for purchasing the Industrial Touch Monitor are TT (Telegraphic Transfer).
