Basic Information

- Place of Origin: China
- Brand Name: Anwell Touch
- Certification: CE,RoHS,FCC
- Model Number: AW190CS-I001
- Minimum Order Quantity: 2 Pieces
- Price: Negotiable
- Packaging Details: Standard carton box
- Delivery Time: 15 working days
- Payment Terms: TT
- Supply Ability: 5000 pieces per Month

Product Specification

- Resolution: 1280 X 1024
- Support: Embedded Rack Mounted / VESA Wall Mounted
- Application: Game Machine, Interactive Kiosk, Interactive Digital Signage, Industrial Enclosure, Cabinet, In-wall Devices
- Touch Signal Input: RS232 / USB
- Touch Technology: 10 Points Multi-Touch Capacitive Touch Screen
- Aspect Ratio: 4:3
- Contrast Ratio: 1000:1
- Viewing Angle: 85/85/80/80 (Typ.)(CR≥10)
- Highlight: **IP65 touch screen monitor,**
10-point multi-touch monitor,

Product Description

Product Description:

The Industrial Touch Monitor is a versatile and reliable display solution designed for industrial applications. With support for multiple signal inputs including VGA, DVI, and HDMI, this industrial touch screen display can easily connect to a variety of devices for seamless integration into your workflow.

Equipped with plug types AU, EU, US, and UK, this Industrial Touch Monitor is suitable for use in various regions around the world, ensuring flexibility and convenience for different setups.

As a leading product in the Industrial Touch Screen Display category, this touch monitor offers exceptional viewing angles of 85/85/80/80 (Typ.)(CR≥10), providing clear and consistent images from various vantage points. Whether used as a standalone display or integrated into an Industrial Touch Screen Panel PC, this monitor delivers impressive visual performance.

With interface options including VGA, Serial, and USB, the Industrial Touch Monitor offers versatile connectivity for seamless data transfer and device integration. Whether you need to connect legacy equipment via VGA or modern peripherals through USB, this monitor has you covered.

Whether you are looking to upgrade your existing industrial display setup or seeking a reliable touch screen solution for a new project, the Industrial Touch Monitor is a top choice. With its robust design, versatile connectivity options, and exceptional viewing angles, this monitor is ideal for a wide range of industrial applications.

Features:

Product Name: Embedded Industrial Touch Monitor PCAP 19 Inch Buckle With HD-MI VGA USB Interface LCD Display 1280*1024

Interface Type: VGA, Serial, USB

Contrast Ratio: 1000:1

Colors: 16.7M

Application: Game machine, Interactive kiosk, Interactive digital signage, Industrial enclosure, Cabinet, In-wall devices

Technical Parameters:

Warranty	1 Year
Brightness	300cd/m2
Touch Technology	10 Points Multi-Touch Capacitive Touch Screen
Application	Game machine, Interactive kiosk, Interactive digital signage, Industrial enclosure, Cabinet, In-wall devices
Type	Capacitive Touch
Signal Input	VGA/DVI/HD-MI
Response Time	5ms
Resolution	1280 X 1024
Product Name	Embedded Industrial Touch Monitor PCAP 19 Inch Buckle With HD-MI VGA USB Interface LCD Display 1280*1024
Contrast Ratio	1000:1

Applications:

Anwell-Touch Industrial Touch Monitor AW190CS-I001 is designed for various application occasions and scenarios that require a reliable and high-quality touch screen solution. With certifications such as CE, RoHS, and FCC, this product ensures compliance with international standards, making it suitable for a wide range of industrial settings.

Originating from China, this Industrial Touch Monitor has a minimum order quantity of 2 pieces, and the price is negotiable, offering flexibility for different project requirements. Payment terms are TT, and the supply ability is 5000 pieces per month, with a delivery time of 15 working days. The packaging details include a standard carton box for secure transportation.

The Anwell Touch Industrial Touch Monitor AW190CS-I001 is ideal for applications such as game machines, interactive kiosks, interactive digital signage, industrial enclosures, cabinets, and in-wall devices. The product supports plug types AU, EU, US, and UK, catering to various regions and setups.

Equipped with capacitive touch technology and a resolution of 1280 x 1024, this HD Touch Screen Monitor provides a responsive and clear display for users. The 1-year warranty offers peace of mind and ensures the product's durability and performance.

In summary, the Anwell Touch Industrial Touch Monitor AW190CS-I001 is a versatile and reliable solution for Industrial Touch Screen Panel, Industrial Touch Screen PC, and HD Touch Screen Monitor applications across different industries.

Support and Services:

Our Industrial Touch Monitor product comes with comprehensive Product Technical Support and Services to ensure smooth operation

and timely assistance for any issues that may arise. Our dedicated team of technical support experts is available to provide troubleshooting guidance, software updates, and maintenance tips to optimize the performance of your touch monitor.

Packing and Shipping:

Product Packaging:

The Industrial Touch Monitor will be securely packaged in a sturdy cardboard box to ensure safe transportation. It will be wrapped in protective foam and bubble wrap to prevent any damage during shipping. The package will also include a user manual and necessary cables for easy setup.

Shipping:

Once the order is placed, the Industrial Touch Monitor will be carefully packed and shipped within 1-2 business days. We work with reliable shipping carriers to deliver your product swiftly and securely. You will receive a tracking number to monitor the status of your shipment.

FAQ:

Q: What is the brand name of the Industrial Touch Monitor?

A: The brand name is Anwell Touch.

Q: What is the model number of the Industrial Touch Monitor?

A: The model number is AW190CS-I001.

Q: What certifications does the Industrial Touch Monitor have?
